MESSAGE FROM CHAIRMAN

SHOAIB KHAN NIAZI
Chairman
Niazi Group of Companies (Pvt) Ltd

Since its inception, Niazi Group of Companies (Pvt) Ltd. has grown into multi-disciplinary organization. No path is easy that's why, we always concentrate on our team's capabilities and keep them focused on the essentials. For us, our core areas are always crucial and important. Our key areas are including real estate projects, transportation network, logistic services, tourism industry, bricks manufacturing and agricultural farming. These areas are our milestones and we have achieved them after many years' struggle and regular hardship. This is how, our domain has become our core identity.

Our Research & Development is our strongest part, so we keeps eyes on upcoming modern trends & market dynamics. We keep our fingers on the pulse of latest innovations around the world. We know our continuous Research and Development is something that makes us entirely different from others. We have highly experienced people in our organization but at the same time we also have many young, energetic and futuristic brains. As a result of this concentration, we are in the position of being able to recognize our customer's needs earlier and sometimes literally before they actually conceive it. So we quickly identify market needs; remained focused on upcoming demands; work on most innovative ideas; produce cost effective solutions; study feasibility, compatibility and suitability; deploy quickly to set new market trend and it remains our inclusive bestpractice.

Thanks for your time and interest in Niazi Group of Companies (Pvt) Ltd., we wish you only the best of success. We believe in long term professional relationship, so we are looking forward …

Thanks and best regards,

UNIQUE GROUP OF EDUCATIONAL INSTITUTIONS

An educational system isn't worth a great deal if it teaches young people how to make a living but doesn't teach them how to make a life." Unique Group of Educational Institutions is as unique as its name situated in the heart of Lahore and spreading the light of wisdom to all the dark corners of its country, Pakistan.

The mission of its pioneers is to educate and train the students of today for an enlightened tomorrow so that they can act as the saviors posted on the boundary walls of their beloved land.

We emphasize on latest technology as computer science affects every aspect of our lives. It will continue to place increasing demands on education, business and industry so that the workforce of the future is equipped with the necessary skills to thrive in the digital age. Computer Science at Unique is at the heart of the technological innovations that are redefining the way we live, learn and work.
